If **we** make any changes to **your** policy cover limit, these will be confirmed to **you** separately in writing.

Each section of this document explains what is and is not covered. There are also general exclusions that apply to all sections of the cover, and there are general conditions that **you** must follow for the policy to cover **your** claim.

How to make a claim.

You may not claim under a new policy for the first 14 days unless **you** are renewing an existing policy.

What will happen next:

- If **you** suffer an **emergency** at **your home**, **you** should tell us on the **emergency** telephone number. **We** will then:
- Advise **you** how to protect **yourself** and **your home** immediately;
- Validate **your** policy and arrange for one of **our authorised contractors** to get in touch with **you** to make an appointment or to settle **your** claim on a **reimbursement basis**;
- **We**, along with **our authorised contractors** under **our** delegated authority, will then manage **your** claim from that point onwards and keep **you** updated throughout **your** claim journey;
- **We** will organise and pay up to £500 per claim including VAT, call out, labour, parts and materials to carry out an **emergency** repair;
- In the event of **your home** becoming uninhabitable and remaining so because of a covered event, **we** will contribute up to £200 inc VAT towards the cost of **your** (including **your** pets) accommodation including transport, on a **reimbursement basis**;
- **We** would always recommend that **you** arrange for a permanent repair to be completed by a qualified tradesperson as soon as possible, once **we** have carried out an **emergency** repair and contained the **Emergency** for **you**, as this may only provide a temporary solution to the problem.

Claims under this policy can only be made by

You, **your** immediate family, lodger or anyone calling on **your** behalf

If the **emergency** repair costs more than £500,

We will: require **you** to contribute the difference or subject to **our** prior agreement and on receipt of **your** engineer's fully itemised and paid invoice, **we** would pay **you** up to £500 inc. VAT as a contribution to a repair which **you** will arrange **yourself**, taking account of costs already reasonably incurred by **our** authorised contractor, for the initial visit.

This will be in full and final settlement of **your** claim.

When **we** make a repair **we** will leave **your home** safe and habitable but **we** will not be responsible for reinstating it to its original condition, although **you** may find that this is covered under **your** buildings insurance.

In some circumstances **we** may find it difficult to deploy an authorised contractor to attend **your home** or deal with

redefining / service

your emergency within a reasonable timescale. Examples of such circumstances are:

- Excessive demand
- Bad weather
- Industrial action
- Parts availability
- Availability of a specialist.

In these circumstances, **you** may, with **our** prior agreement, arrange for **your** own contractor to resolve **your emergency** and **we** will refund the cost of **your** contractor up to £500 inc. VAT.

Please provide a fully itemised invoice or receipt from **your** own contractor to support **your** claim for reimbursement. If a new boiler or heating system is installed, **you** will also need to provide the make, model, serial number and Gas Council number.

We will only reimburse the cost of the **emergency** repair applicable under the policy.

Other insurance

If **you** make a claim for any liability, loss or damage that is also covered by any other insurance policy, **we** will only pay **our** share of the claim.

Getting our claims costs back

If **we** think someone else is at fault for a claim that **we** pay, **we** may follow up that claim in the name of anyone claiming cover under this policy to get back the payments that **we** make.

Anyone making a claim under this policy must give us any help and information that **we** need.

Parts availability

Availability of parts is an important factor in providing **emergency** repairs. If **our** engineer does not carry the spare parts needed on the day of **your** appointment, **we** will do all **we** reasonably can to find and install parts from **our** approved suppliers. **We** may use new parts or parts that have been reconditioned by the manufacturer or approved third parties.

We may not replace parts on a like for like basis but will provide an alternative suitable for containing the **emergency**. However, there may be times when replacement parts are delayed because of circumstances beyond **our** control.

In these cases **we** will not be able to avoid delays in repair; **we** will keep **you** informed throughout **your** claim.

There may also be occasions where parts are no longer available. In these situations **we** will ensure **your home** is safe and if required, **we** will arrange for **you** to receive a quotation for a suitable replacement item at **your** cost.
